Presidents Corner

Dear Members,

We have had to cancel the steak roasts until further notice due to the price of beef. Hopefully we can resume when things settle out. Thanks to all that came out for the club dinner in April, a good time was had by all, and another thanks to all of the helpers. The 17th annual Pete Wooley horseshoe tournament went well with 18 people playing. 1st place Mark Palmer & Bill McMullen Sr, 2nd place Christi Warner & Blake Willis, 3rd place Bill McMullen jr & Chase Willis. Thanks to all who came out and enjoyed the day. As usual check the face book page and club website for announcements and dinner information. The next Chicken dinner will be held in September. The club golf outing is coming up in August, details on the club website and posted at the club.

Summer has brought both very hot and abnormally cool days so far. Near drought conditions to flooding in some areas. Be careful as you spend time outdoors. High seas on Lake Erie can show up out of nowhere, be prepared. It is that time of year once again to dust off the archery equipment and spend some time at the range. It's a good idea to get your bow or crossbow checked out by a professional every few years. Strings weaken and things get loose. It's better to spend the money on a new string than to have it break unexpectedly at the range. Or, even worse, fail in the field as you zero in on that trophy. Plant a tree, take a kid fishing, share a hunt with a friend, and be good. See you at the club.

Sincerely,

The Club Officers and Board of Directors
