#### **Presidents Corner**

Dear Members,

The club is open. We are planning to start the dinners back up in October. Keep checking the website and Facebook page for updates. We have 5 seats open on the Board of Directors, nominations are in October and the election is in December, we hope to see you there. If anyone would like to donate any wild game for the annual wild game dinner, contact Mark Palmer.

As we head into the fall season our great state offers some of the finest outdoor activities to be found anywhere in the country. Late summer; early fall Perch fishing on lake Erie is some of the best fishing you will run into on this side of the state. Fall Walleye fishing on Erie is a great time to land that trophy fish. Be safe, fall storms can whip up quickly and bring rough water and poor visibility. Always let a friend or family member know what your fishing plan is in case you run into trouble. Don't forget to properly winterize your boat so it's ready in the spring when the Walleye return.

The October archery season is upon us, soon the rut will be in full swing, for our local area look for the rut to get into full swing October 21<sup>st</sup> through November 7<sup>th</sup>. Hopefully your scouting will pay off and you end up with a trophy or some venison for the freezer. Get out and sling a few arrows to make sure you and your gear are ready for the hunt. Be sure to check the DNR Michigan Deer Digest as there are more regulation changes for this year. Fall Turkey season started last month, hopefully you have tagged out already with a long beard.

Take a moment to remember the fallen, don't forget to vote on November 3<sup>rd</sup>, enjoy the holiday season and try not to go crazy with the kids and grandchildren at home with you all of the time.
