Presidents Corner

Dear Members,

Hopefully you have been able to attend at least one of events that we have been able to hold this year. It seems that things are getting back to normal, or at least closer to normal for everyone. We are still keeping the weekly dinners (Fish Fry, Steak Roast, & Wing Night) canceled for now until the price of food comes down. Check the website or facebook page in case this changes. We will be having a trunk or treat for the kids on October 23rd, spaghetti dinner on December 5th and the kid's Christmas party will be held on December 18th. Nominations for Officers and Board Members is in October at the general membership meeting, the election results will be announced in December during the general membership meeting. You can vote from 9AM to 6PM on December 8th.

It's been a slow start to the Yellow Lake Perch fall bite this year. Hopefully they show up on our side of Erie soon with calmer seas. The big waves and windy days have kept many of us off of the lake these last few weeks. The fall Walleye should be moving in soon as well. Fall is a great time to plant a tree. The tree gets extra time for the roots to develop before the stress of the summer growing season. The fall rain gives the roots a chance to establish while the budding part of the tree prepares to go dormant. Being a steward for our natural resources is something to be proud of.

Big Buck Night sign up is posted at the club. Archery season is here. Hopefully that bow or crossbow has seen some range time over the last few months. If not, it's time to get it tuned up. It's not easy to figure out how the on and off rain and drought cycle will effect the deer this year. Locally the trail cams seem light on deer, further North, above M46 those cams are looking more active. Get out and enjoy the great outdoors in our great State, be safe, and have a Happy Thanksgiving and a Merry Christmas.

Sincerely,

The Club Officers and Board of Directors
